SCCJ News No1 September 2015

Dear IFSCC friends,

Following the very successful Congress back in 2006 in Osaka, the Japanese Society is happy and proud to announce that an IFSCC Congress is coming back once again to the "Land of the Rising Sun" in 2020.

We would like to commit ourselves in devoting our utmost to ensure that your visit and participation in the Congress will be enjoyable, meaningful and worthwhile. Meanwhile, we would also like to expose

ourselves to you. Generally known as a bunch of shy people, we the Japanese, have unique traditions and cultures many of which are reflected in our activities at SCCJ (the Japanese Society). It would be interesting to give you a glimpse of our activities through the IFSCC Newsletter and we wish to do so on a frequent basis. You might end up getting a totally different impression of us, hopefully for the better!!

■ SCCJ General Meeting

THE SOCIETY OF COSMETIC CHEMISTS OF JAPAN (SCCJ) General Meeting took place on Tuesday June 2nd 2015. It was confirmed that the Society will be strongly united in hosting a successful

IFSCC Congress in 2020. A preparatory committee will be set up to plan a meaningful Congress to all cosmetic scientists worldwide. Please look forward to 2020.

A scene at the get-together

■ CITE Japan

The 7th Cosmetic Ingredients & Technology Exhibition Japan was held hosted by the Federation of Japanese Cosmetic Ingredients Associations and co-hosted by the SCCJ. The Exhibition closed with great success

attracting more attendants from neighbors in Asia than the previous show. The next show will be held 2 years later (Wednesday May 31st to Friday June 2nd 2017) at the same venue, Pacifico Yokohama.

■ Zone 2 Meeting

The second IFSCC Zone 2 Meeting of the year was held on June 4th. Representatives of 11 out of 14 IFSCC Societies belonging to Zone 2 gathered to actively discuss and exchange information on ASCS

Conference and matters related to IFSCC. The next Meeting will be held in September during the IFSCC Conference in Zurich Switzerland.
